**COLLECTION SUMMARY**

This collection is mainly comprised of letters written between Lee and Rosemary Fisher (née Holoviak) between 1969 and 1970, while Lee was serving in Vietnam with the 101<sup>st</sup> Airborne Division. Early 1968 correspondence between Lee and Rosemary originates from a European trip Lee took to visit a former Miami friend, Frank Castle, who was in the US Army and stationed in Berlin, West Germany at the time. Correspondence between Lee and Rosemary then shifts for the remainder of 1968 to a period when Lee was a Management Trainee on the Penn Central Railroad's Management Training Program. There are also a few items from after Lee's return from Vietnam. Included in the letters are also newspaper clippings, poetry, greeting cards and photographs. During his time in Vietnam, there are also letters written to and from Lee's friends and family. The collection also includes writing by Lee as well as miscellaneous items such as magazines, programs and Vietnam related audio tapes.

**PROVENANCE OF THE COLLECTION**

The collection was created and kept by Lee and Rosemary Fisher until their donation in 2014.

**BIOGRAPHICAL INFORMATION**

Lee Fisher has been involved in the world of business and community improvement for over forty years.

Prior to retiring in 2002, he held a number of managerial positions in corporate accounting and finance for a large transportation concern. Prior to his retirement, he also held a Series 7 NASD designation and worked as a Personal Financial Analyst for Citigroup, an international financial services provider.

His business career also included overseas assignments in Africa, Europe and South America. A graduate of Miami University (Ohio), he has done graduate work in anthropology (specializing in archaeology) at

Temple University and Penn State (Ogontz) in Philadelphia. He is currently enrolled in graduate school at his alma mater, Miami.

Lee retired to central West Virginia (Braxton County) where he and his wife, Rosemary, a retired educator, had a small farm since the mid-seventies. Lee and his wife served on Boards of a number of Braxton County non-profit organizations. This included Lee's serving as the President of the Braxton County Rotary. As a Vietnam veteran, Lee also served in a number of veteran service organizations in West Virginia. He and his wife, Rosemary, were also school volunteers at Little Birch Elementary School in Little Birch, WV for a number of years.

At the state level, Lee served on the West Virginia Board of Accountancy (2006-2013, President 2011-12), and the West Virginia Broadband Deployment Council (2005-2013, Grant Committee Chair 2011-13). Lee also served as Treasurer of the Board and Executive Committee of TechConnectWV, a 501 (C3) organization that is dedicated to promoting technology based economic development in West Virginia.

In 2008, Lee was nominated and selected to receive the prestigious West Virginia Governor's Service Award for his commitment to bringing broadband coverage to the communities throughout central West Virginia through his leadership in the Gilmer/Braxton Research Institute.

Lee and his wife relocated to their native state of Ohio in 2013. They reside at the Knolls of Oxford, a continuing care retirement community, in Oxford, Ohio. They are active members of the Oxford Rotary Club and of the Oxford Presbyterian Church.

Prior to joining the business world, Lee served in the military, stationed in Vietnam from 1969 to 1970 with the Army's 101<sup>st</sup> Airborne Division. During this time he was engaged to Rosemary Holoviak, who was a school teacher in Ohio. They married upon his return.

The Fishers feel that one of their most important, personal accomplishments has been their involvement in two youth oriented organizations: the Big Brothers/Big Sisters Association and Futures for Children, an Albuquerque based Native-American run organization that promotes mentorship of Native American children.

The Fishers have fostered and mentored six young men through these organizations since the early 1970's. They take great pride in knowing that, without exception, all of these young men have become responsible husbands and fathers who continue to make contributions to their families and communities. Many of these men remain an integral part of the Fishers' circle of friendship. From the suburbs of Philadelphia, to rural West Virginia living rooms, to Indian Reservations in New Mexico, to Miami University classrooms, the Fishers have been able to witness how reaching out to help a younger person can produce big returns.

Miami was the institution that brought them together as a Miami Merger in 1970, and they have never forgotten the value of education that both received while students. This appreciation of value led the Fishers to endow a scholastic scholarship at the University of West Virginia prior to their move from West Virginia to Oxford. Since relocating, they decided to continue to share their resources by endowing a scholastic scholarship to benefit a member of the Miami Men's Glee Club. It is anticipated that this endowment will be completed in 2015, and it will be the first of its kind for the men's choral group.
