COLLECTION SUMMARY

This collection features correspondence sent and received by John H. James, his business associates, friends, acquaintances, and clients.

PROVENANCE OF THE COLLECTION

The John H. James Collection was purchased by the Miami University Libraries with the assistance of Dr. Edgar King and James' biographers Dr. William and Ophia Smith.

BIOGRAPHICAL INFORMATION

John Hough James (1800-1881) was a native of Urbana, Ohio and a graduate of Cincinnati College. He was a lawyer, banker, railroad builder, scientific farmer and stockbreeder, legislator, politician, editor, lecturer and writer.

A friend of Henry Clay and William Henry Harrison, James utilized his work as a lawyer and legislator in advising Whig leaders in Congress and the General Assembly of Ohio. As a banker and railroad builder, James was a pioneer in the development of western banking and transportation. He was treasurer and president of the Mad River and Lake Erie Railroad, building one of the earliest railroads of the country. He also pursued farming and stockbreeding. Finally, James founded Urbana University, the first Swedenborgian College in the world, giving the land for the campus and serving as a lifelong trustee for the institution.

John H. James married Abigail Bailey in 1825. The couple had four children: Ellen Rachel (1826), Gertrude Vanuxem (1828), Francis Bailey (1831), and John Henry (1834), who was affectionately called Bub as a child. All of James' children are featured prominently in this collection with the exception of Francis Bailey who died in early childhood.

Ellen Rachel and Gertrude Vanuxem spent most of their adolescence living with James' family in Cincinnati while attending private schools. After completing their educations, James' daughters traveled extensively to visit family and friends and to attend various societal functions. In 1856, Gertrude married Henry Thayer Niles, with whom she had six children: John James, Gertrude, Ellen James, Frank Bailey, Anna Lathrop and Helen.

After attending the Kentucky Military Institute, John Henry James traveled briefly throughout the Midwest as a land surveyor. In 1861, John Henry joined the Union Army as an officer and was engaged in several prominent battles of the Civil War. Suffering from typhoid fever and dysentery, John Henry resigned from the Army in 1863. While taking care of a very ill John Henry, both his mother, Abigail and his sister Ellen fell ill and died. After recovering from his sickness, John Henry married Harriet Lynch in 1863. The couple had seven children: Abbe Bailey, Margaret Lynch, Gertrude Vanuxem, John Hough, Alexander Lane, Harriet and Fanny.

Following the deaths of Ellen Rachel James and Abigail Bailey James in 1863, John Hough James devoted much of his time to the "New Church" or Swedenborgian religion. The remaining eighteen years of James' life were spent practicing law, attending New Church conventions, and entertaining his surviving children and grandchildren at his Urbana home.

SCOPE AND CONTENTS OF THE COLLECTION

Beginning his term as a State Senator in 1836, James made frequent trips to Columbus. In his letters, James discusses proposed legislation and Congressional sessions, but also interactions with prominent members of Columbus society. Finally James exchanges letters which briefly describe his attempts to pass legislation in the Senate pertaining to railroads.

After serving as a State Senator, James returned to work as an attorney, making frequent mention of various court cases and their respective locales throughout both Ohio and Indiana. During this time, James also honed his interest in finance and business; purchasing stock in the Ohio Insurance Co. and serving on the board of a railroad company. James exchanges numerous letters with O. Follett of Sandusky concerning railroads and business ventures in Northern Ohio. Additionally, James writes to many bankers in the region, discussing local business activities and policies.

The 1850's brought James new opportunity and business for in the form of Urbana College. As one of the founders of the Swedenborgian-based institution, James dutifully comments on the construction and development of the newly established college.

The letters that James wrote in the early 1860s are filled with information pertaining to the Civil War. As a Union Officer, James' son John Henry wrote home frequently, describing battles and life as a soldier. During this time, James also wrote to other high ranking Union officials concerning both his son's placement and significant battles and skirmishes. Falling victim to illness, James' son, John Henry is forced to resign from the army in February of 1863. In their attempt to restore the veteran to a stable condition, James wife and daughter Ellen contract illness themselves. Following the death of his daughter and wife, James busies himself with attending the General Convention of the New Church in Philadelphia along with John Henry's marriage to Hattie Lynch.

Throughout the remainder of the 1860s, James became increasingly involved in both the New Church, and building his own personal library. During this time, James exchanged countless letters with rare book dealers A.L. Luyster, and J.W. Bouton of New York. During the late 1860s and early 1870s James also writes to and receives letters from various organizations and societies of which he was a member or had a vested interest in, such as the Ohio Horticulture Society and the Western Reserve Historical Society.
